HONDO, MEDINA COUNTY, TEXAS, SATURDAY, OCTOBER 19, 1918.

VOL. 33. No. 12

## LOCAL AND PERSONAL.

### School to Remain Closed.

As the danger of an epidemic of Spanish influenza has not yet passed, trustees of the Hondo Public School have concluded to keep the school closed for another week at least.

While the influenza epidemic is rather serious in the county, the town of Hondo thus far has escaped a serious invasion of the disease. Up to Wednesday reports to Dr. Meyer, county health officer, indicated a total of about 600 cases in the county, 500 Mexicans and 100 white people being affected. The type of the malady in this county seems to be of a rather mild form, but few deaths from the disease occurring thus far.

Dr. Meyer, county health officer, is one of the latest victims of the disease in the town, he having been confined to his bedroom Friday, having contracted the disease from some of his patients. As he had previously taken all known precautions it is thought he will again be enjoying his normal health in a few days.

Mr. Bob Zerr, who has suffered a relapse from an attack of influenza and now is critically ill from pneumonia, is the most serious case in town. But as he is of robust physique his friends feel confident that he will be convalescent in a few days.

### Leopold Mann's Funeral.

The body of Private Leopold Mann who died Oct. 11, 1918, at Camp McArthur, Waco, arrived in Hondo Sunday, October 18th, on the 3.00 p. m. passenger train. A soldier boy of the company of which Leopold Mann was a member, and a number of relatives and friends escorted the coffin to the Catholic church, where Rev. Father Pallanche officiated at the ritual services of the Church. Then the mortal remains were escorted to the Catholic Cemetery where again Father Pallanche conducted the ceremonies and the body of the young soldier boy, who had been a victim of pneumonia, was laid to eternal rest.

Pall-bearers were Paul Rovier, Ed. Ney, Robert Weynand, Clinton Taylor, Geo. Bendele, Benie Graff and Geo. Karm.

Leopold Mann, who joined the army July 16th, was born June 15th, 1892 in this county. Besides his parents, Mr. and Mrs. Louis P. Mann, he leaves four sisters, Mrs. A. J. Graff, Misses Rosa, Lillie and Katie, and one brother, William, and many other relatives to mourn his untimely death.

### John Reinhart.

John Reinhart died October 6, 1918, at the age of 86 years. He was one of our pioneers, well known and highly esteemed. For several years he had made his home with his son-in-law and his daughter, Mr. and Mrs. Louis Rieber, until death called him off.

John Reinhart was born in 1832, in the kingdom of Bavaria, southern Germany. As a boy, at the age of 16 years, he came in 1848 with his parents to America and to New Braunfels, Texas. In 1854, at the age of 22 years, he married Miss Hedwig Brotze of Cibola, Texas, and moved to D'Hanis, where he has resided ever since. The happy union was blessed with 14 children, 3 sons and 11 daughters; one daughter and one son preceded him in death, so besides his aged wife he leaves 2 sons and ten daughters, and quite a number of grand children and great grand children, besides many other relatives.

The funeral took place Oct. 8th. Rev. Father Maas conducted the services at the Holy Cross Church and at the grave. A large crowd of relatives and friends followed the mortal remains of the deceased to his last resting place in the W. O. W. cemetery.

A weary pilgrim has gone to his last reward, may he rest in peace.—From D'Hanis Star.

### Notice.

We have a number of cases of influenza in every town in the county, therefore request the public to avoid public gatherings. Will ask the parents, especially, to keep their children at home as much as possible. Cover up each cough and sneeze. If you do not you'll spread disease.

### District Court.

The fall term of the district court convened here Monday morning, Judge R. H. Burney, District Attorney L. J. Brucks, Clerk August Kempf, and Sheriff J. F. Bader all being present.

The following were sworn in as grand jurors: Paul Reinhart, A. G. Wilson, C. M. Thompson, Isaac Wilson, Joe Lutz, Sr., L. A. Haby, H. F. Wurzbach, Aug. Tschichtart, A. A. Rothe, Hy. Schuehle, Jr., C. C. Godden and Jacob Rothe.

Paul Reinhart was appointed foreman of the grand jury.

J. H. Henderson, Will Breiten, A. E. Harper and L. Morris were sworn in as bailiffs, and Henry Stewart was sworn in as court interpreter.

After returning four indictments the grand jury adjourned for the term Thursday.

The following were sworn in petit jurors: Henry Bendele, Tom Johnson, Emil Biry, W. B. Ward, Albert Bihartz, V. P. King, Henry Batot, Wm. Burger, Leo Boehle, L. J. Van Fleet, Aug. H. Steigler, Chas. Schuehle, Toby Koch, Alois Haby, W. B. Weber, A. J. Graff, C. H. Melton, Alex Haby and Felix Batot.

There being no work for the petit jury, they were discharged Monday evening.

The following business had been disposed of up to noon Thursday:

Mary E. Davis vs. Chas. M. Davis, divorce. Granted.

Jacob Fohn vs. P. H. Lynch. Plaintiff took non-suit and case dismissed.

Fritz Friehs et al., contestants, vs. E. R. Leinweber et al., contestees, suit to contest local election for school purposes. Judgment for plaintiffs by agreement.

Aline Morton vs. H. G. Morton, divorce. Granted.

Edwin F. Bendele vs. Katie Belle Bendele, divorce. Granted.

Eight other cases were continued by agreement.

The criminal docket will be called Monday morning.

The following is the report of the grand jury:

To the Hon. R. H. Burney, Judge:  
Your grand jury for the fall term, 1918, of the district court of Medina county, Texas, beg to report that we have finished our labors and request to be discharged.

We have inspected the county jail and find the same in a good sanitary condition and the inmates well cared for.

In our investigation of the general affairs of the county, we find that births and deaths are not reported to the county clerk as promptly as the law requires. We are satisfied this is due to carelessness and indifference, and not to any intention to disregard the law. However, we wish to publicly call attention to this matter, and urge upon physicians, undertakers, dealers in coffins, and all others required by law to make reports of this character, to hereafter make such reports promptly.

We further desire to again call attention to our public roads. It is evident that there is considerable neglect of duty in regard to working the roads in some localities. We call upon the commissioners to see to it that the various road overseers discharge their duties properly in accordance with the law, and that the work when undertaken be carried out in an efficient manner.

Respectfully submitted,  
PAUL REINHART,  
Foreman of the Grand Jury.

### Lieut. de Montel Wounded.

Judge and Mrs. Ed. de Montel received a cablegram from their son, Lieut. Emmett de Montel, who is now at the front in France, notifying them that he had been slightly wounded in action. It is probable Lieut. de Montel, fearing that his parents would see his name in the casualty list, to allay his fears, sent the cablegram. But this cablegram discloses one thing that was not positively known before, that is that the Medina county boys are at the front. It is the hope and prayer of our people that they pass through the conflict without harm.

Richard Zerr, another Medina county soldier boy living in the vicinity of D'Hanis, has also been wounded, his parents receiving a notice to this effect the first of the week. Young Zerr was wounded in the great battle of the 12th and 13th of September. We are not advised as to the degree of his wound, but trust that it is not a serious one.

### From Our Boys "Over There."

FRANCE, Sept. 13, 1918.

Dear Mother:

No mail from home for a week or more.

Well I guess you have read of what we did in the last two days, September 12-13. I say we, for our division played the big part. You know what division that is.

Yes, we have had quite a few wounded men, but I would like to know how the German hospitals look.

I am almost played out, two hours sleep out of 48; but we cannot think about sleeping when the men need attention. All I have been doing is dressing wounds.

We have taken many German prisoners, several of whom we have in the hospital.

I will say that though many were hurt bad they were all game to the core, and there is no doubt but what the Americans will put a finish to a long dreary war.

Will write more when the thing slows up; in a hurry now, but just a note. Guess you have read all about it.

We will take Metz before they know it. Your son,

Sergt. O. B. TAYLOR,

AMERICAN EX. FORCES,  
Saturday, Aug. 31st, 1918.

Mr. August Schott, Route No. 1, box 65, Devine Texas, U. S. A.:

Dear and Ever Loved Ones at Home:

It is with dear and kind thoughts of you all that now I will try and write a few lines.

I am still in best of health and hope and praying these few lines find my dear loved ones the same.

Have heard from you all since July the 16th, which I received about two weeks ago. Certainly was glad to get those dear lines from home. I hope you all are getting my mail all right.

Am still close up to the front; as I am writing everything is quiet—don't hear a gun. It doesn't seem we are so close up to the front but for a little experience yesterday; went with one of my friends to eat plums, which are close to the Germans, and while I was in a plum tree all at once I heard a shell coming, and it seemed like it was coming right at us, but it burst when about 250 yards from us, and that is the way they kept on—about every minute a shell. They were trying to shell one of our bridges but they never hit it. Certainly do get to see them shooting at airplanes, but so far didn't get to see them bring one down. They can fly so high they are a hard target to hit.

Am getting usually a paper every day, and the news from all fronts is very favorable; hope it soon will come to an end.

Guess Brother Joe is in Camp Travis by now, so give him my love and best regards when he comes home, and tell him to write to me.

As I don't know of any more news I will close for this time.

With best and kindest of wishes to all. Give my little dear girl my best regards and wishes if you get to see her.

From your loving son,  
WILLIE SCHOTT.

### Card of Thanks.

We feel deeply grateful for our many friends for expressions of condolence and sympathy spoken and written, for the many prayers we know have been offered in our behalf, to the sailors who were pall-bearers, for the beautiful flowers, and to those who in any way offered comfort or assistance in our recent bereavement, the death of our dear son and brother, Osborne. God bless you.

### Demand Your Price.

Austin, Texas, Oct. 15, 1918. The State Department of Agriculture of Texas has made a careful survey of the cost of producing the 1918 Cotton crop and found the cost to be 35 cents based upon 160 pounds of lint per acre, and named 35 cents as the minimum price cotton should sell for. Since then the government estimated less than 160 pounds, thus increasing the cost.

While farmer, merchant, banker and cotton buyer are all holding for at least 35 cents and realize that cotton is worth that price, there needs to be a unity of action and I am giving this notice to the daily and country press that all may be united.

I hope that all who read this will realize that it is going all over the South and that each one, as he reads it will decide his cotton is not for sale for less than 35 cents and that all will have seen it by Monday, Oct. 21, after which time it is hoped and urged that no cotton will be for sale for less price.

Respectfully,  
W. B. YEARY,  
Cotton Specialist.

### Sixth Grade Picnic.

Tuesday, October 15th, was a gala day for the Sixth Grade and others. Twenty merry youngsters accompanied by Mrs. Henderson and their teacher, Miss Broers, enjoyed an outing in the mountains.

At 5:30 not a small number of youngsters gathered at the school house, at 6 o'clock peals of the "rising bell" were heard to remind the forgetful of the appointed hour. While waiting for a detained car the early birds had a good share of fun before the break of day. Owing to car trouble the trip was somewhat delayed. However, they were well on our way before the sun was an hour high. Owing to the early hour and the jolly crowd the ride was full of fun.

Upon arriving there they climbed the mountain. Coats which had proven very comfortable on the drive where soon dispensed with. After exploring the mountain and creek more or less, we returned to the stopping place. On account of not having any breakfast and the strenuous exercise, every one was ready for lunch at 10:30. A few exciting games served to increase their growing appetite. At 11:30 an enjoyable lunch was spread. For some reason or other, each boy seemed to prefer a certain kind of sandwich or cake. Various amusements were provided after lunch. There being no good drinking water near they went in search of water. This was the beginning of a new kind of fun.

The return trip was filled with extraordinary incidents which each crowd can better explain. To say the least the trip was a treat to all and be it resolved that this be not the last picnic. Contributed.

### Red Cross Notes.

The Biry Auxilliary was asked to give a shower of towels, napkins, sheets and handkerchiefs, of which the ladies took a great interest in and gathered at their sewing room Tuesday afternoon and prepared the required number of articles.

After a close inspection of the goods by the chairman, Mrs. A. W. Myres, the linen was sent to the Hondo Chapter for further inspection.

This auxilliary is doing its part in every way. It was called upon for 50 lbs. of clothes for the Belgian and French people, and went over the top 40 lbs.

### From Professor Kennedy.

The following, though a personal letter to the editor, contains so much of interest to Hondo people from a former teacher of our school here, that I am sure he will pardon us for taking the liberty of publishing it. Editor.

Austin, Texas, October 6, 1918.

Dear Mr. Davis:

For some time I have not had the pleasure of seeing you while you were in Austin. When you come again I hope you will be good enough to let me know you are in town. I may be reached at two places. I am now working in the Bureau of Municipal Research and Reference at the university, and in addition doing the work required for an M. A. The telephone number at the office is 1639, at my residence 3402. If you can find time to come to the University, I will be glad to take you through all places where we are not barred on account of military activities. I am especially anxious to have you know something of the work in which I am engaged. I believe you will be interested since we are both doing work that is intended to help all the people. I believe that we can co-operate to some advantage, for while the work here is for towns we can and will be glad to aid the farmer in improving sanitary conditions and in the study of road-building. We are not exclusive any more than your people, and will welcome any of our friends who come from Hondo or elsewhere. Come and tell others to come. All I ask is that people come and get acquainted. Then if we do not show our appreciation of their presence, we shall plead guilty to any charge they wish to prefer.

In today's Dallas News I read a notice of the fact that Horace King had received a commission. I am sure all his friends are pleased, and I hope I may consider myself among them. Hondo boys have done well wherever they have gone, and I always rejoice in their success. Stanton McGary, the only Hondo boy who has attended the University, made an excellent record, and John Boog, another son of Medina County, did honor to his home.

The only representative of Hondo now in the University, so far as I know, Bessie Brucks, is doing good work, and I am sure too, that she will make no less creditable showing than have Hondo's boys. She is at Newman Hall.

Do not forget to tell all my Hondo friends that I shall be pleased to welcome them at Room 2, B. Hall on the University campus.

Best wishes to you and yours.  
Sincerely,  
M. F. KENNEDY.

### YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezezone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

### Spanish Influenza

#### Rapidly Spreading.

Persons Weak and Run-down Easy Victims—Fortify Yourself Against It By Taking Tanlac.

According to late reports issued by State and Federal health authorities the Spanish Influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every state in the Union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked, it is apt to seriously affect the progress of war work in all its various departments. Already the Shipping Board has announced that ten per cent of its workers had been affected.

The disease has made its greatest progress in the East where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming; and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities schools, churches and theatres have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and run-down are the earliest victims of the Influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run down condition, or if you catch cold easily this warning should be heeded promptly. You are really in great danger, because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germs. People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a sub-normal condition the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all Tanlac begins its action by creating a good healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform his natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from its after effects of Influenza, Grippe or Bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in Hondo by W. H. Windrow

**No Worms in a Healthy Child**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is BALLARD'S SNOW LINIMENT, it is both healing and antiseptic. Sold by W. H. Windrow.

## SEARGENT "CLIFF"

### DIGS DEEP DOWN

RETURNED VETERAN CONTRIBUTES TO S. A. AND URGES EVERYBODY TO HELP.

Chicago.—A tall young veteran of the great war in the khaki of the American Army walked up to the county building booth here of The Salvation Army. A service brigades on his right arm indicated at least six months' service "over there". On the right sleeve a wound badge showed why he was not "there" now. And on his left breast triumphantly showed the croix de guerre.

"Dough for doughnuts?" asked Mrs. Philip Breg stone, a social worker of prominence who is a volunteer overseas fund gatherer for the Salvationists, as she extends her collection tambourine.

"You bet!" said the youthful veteran, as he dug deep. "I know—believe me—I know. And if everybody knew they'd be handing out money to keep every man in France supplied with doughnuts, pie and coffee. That is only a little of what they do. Why the army can't get along without them over there."

The young man was Sergt. "Cliff" Loucks, son of Policewoman Anna Loucks, recently invalided home after being gassed.

Sergt. "Cliff" told his story. It was the story of thousands of other doughboys. Fourteen hours of a winter's day and night he spent in a shell-stormed trench near Chemin des Dames. Relief came after dawn. Sergt. "Cliff" staggered back to the lines. As he came out of the trench the first to greet him was a serene young woman with a Salvation Army khaki uniform and steel helmet. She tendered him not coffee and fresh doughnuts.

"Oh man," said Sergt. "Cliff," "talk about turkey and plum pudding to a starving kid! Why, that coffee and doughnut layout made a Christmas dinner look like a hashhouse meal. And what they did for me they do for every other soldier they come in contact with 'over there'. They certainly are the real thing and they can have anything I've got."

If your child starts in its sleep, grinds its teeth while sleeping, picks at the nose, has a bad breath, fickle appetite, pale complexion, and dark rings under the eyes; it has worms; and as long as they remain in the intestines, that child will be sickly. WHITE'S CREAM VERMIFUGE clears out the worms, strengthens the stomach and bowels and puts the little one on the road to health and cheerfulness. Sold by W. H. Windrow.

**Watched Him Swell.**  
Leslie had been suffering with a severe toothache so that his face had become badly swollen. Returning from school the following day his mother asked him what the teacher said to him and he replied, "She did not say anything, but the kids all got around me to watch me swell."

All you who have torpid liver, weak digestion or constipated bowels look out for chills. The season is here and the air is full of the disease germs. The best thing to do is to get your liver in good condition and purify the stomach and bowels. HERBINE is the right remedy, it answers the purpose completely. Sold by W. H. Windrow.

## S. A. WORKERS

### SENT TO FRANCE

TWENTY-FIVE OR MORE GOING ACROSS EVERY MONTH TO ARMED HUTS WITH AMERICAN SOLDIERS.

Salvationist hutsment workers for service in the battle zones of France with Pershing's forces, are now being sent from Chicago, alone, at the rate of 25 a month, and this quota is expected to be maintained to the end of the year, according to announcement by Lieut. Col. J. T. Fynn of territorial headquarters who is handling recruiting for the front.

Because of the dangers of ocean travel, as well as the tremendous demand for Salvationist workers immediately in France, the system of sending workers "over" has been changed. Instead of dispatching the workers in parties, they are going as individuals, being sent forward as soon as necessary papers are received from Washington, as well as commissions which make them a militarized part of the American forces. As soon as the workers touch French shores, they are met by officers from Paris headquarters and assigned to positions in the battle zones. It is not unusual that workers are wearing gas masks and have tasted of Hun shell fire within a week from the time of their arrival over there.

When the chest feels on fire and the throat burns, you have indigestion, and you need HERBINE to get rid of the disagreeable feeling. It drives out badly digested food, strengthens the stomach and purifies the bowels. Sold by W. H. Windrow.

### Died.

Mr. Wm. Geiger of Lower Medina died at the hospital at San Antonio, of typhoid fever, on Thursday night, October 10, 1918. The corpse was brought to Castroville and laid to rest at the Lutheran Cemetery. Rev. Walter Kralik performed the last sad rites. Deceased was born at Gschwend, kingdom Wuerttemberg, Germany, July 28, 1881, and came to this country with his parents, as a youth. He was happily married on Dec. 1909, to Miss Augusta Paulina Reuss. This union was blessed with four children, one son, and three daughters. Besides his grief-stricken widow and fatherless little children, the deceased leaves his aged mother (his father, Mr. Wm. Geiger, Sr., preceded him in death several years ago), four brothers, four sisters, and a large number of other near and dear kith and kin, to mourn his untimely demise. A dutiful husband, a loving son and father, a good christian and a kind, accommodating neighbor, beloved and esteemed by all who came in contact with him has gone to his last reward. A large concourse of mourning relatives and friends followed the remains to its last resting place. We join this entire community in sympathy with the bereaved and grief-stricken ones. R. I. P.

Mr. Charles Muth of San Antonio accompanied by Ernest Nietenhoeffer of Quihi were Castroville visitors Wednesday.

Miss Lorine Wernette of East Side visited relatives and friends at Lacoste Tuesday.

This section was again blessed with a nice rain Friday morning, followed by another shower Sunday. Both amounted to about one inch. We learn that several miles east of town it was heavier.

Relatives received a telegram from Long Island, New York, Sunday, stating that Emil Bippert, Jr., one of Uncle Sam's boys, was sick with typhoid fever. We join the young man's many friends in wishing him a speedy and permanent recovery.

Later—We are glad to report that Emil Bippert, Jr., is improving.

### Sincere Gratitude.

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

### Devine News Items.

Chicon Canal Nearly finished.  
Devine Man Leases  
504 Acres.

C. H. Melton has leased 504 acres land near Meadwood, two to three miles north from Devine from the S. A. L. & I. Co., to be watered this winter from the Chicon reservoir and Meadwood Canal, a new one that is now being constructed, which is expected to reach Devine, later, and be extended both east and west from town. Mr. Melton will plant 150 acres of this to onions, to be watered this winter and 250 to cotton next spring.

Nineteen Cents Gross For Hogs.

Mr. G. C. Harrison shipped forty hogs the past week averaging about 150 pounds each and sold at 18 and 19 cents gross on the San Antonio market; these small porkers bringing him about \$30.00 round. What this farmer can do, others who own a good size farm can also do; \$1,200 or \$1,500 picked up on the side isn't a bad showing. This can be done with oats, peanuts, peas, and a little corn to finish up with.

Capt. Mack Kercheville, Lieut. Ike West and Sergt. M. E. Dubose and Sergt. Crain went over to Hondo Friday to see the Local Board regarding the men who were being called out of Co. D. The board promised to leave the men in the company for a while yet. The Frio County Board more readily agreed to let the boys from that county remain in Company D.

Simon Heath of Hondo was in town Saturday with his brother James.

Fred Kempf of Devine, now at Camp Travis, has been promoted to a first-class private in the Military Police Department.

Mr. and Mrs. J. J. Wipff have been spending most of their time at the sanitarium with their son, Daniel, who had a very close call with fever and appendicitis, but was reported convalescent.

### Can now Eat and Sleep in Comfort.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

### Bandera New Era News.

Mr. and Mrs. Chas. Schott of Pipe Creek were in town last Saturday.

Mr. and Mrs. Emil Villemain of Pipe Creek were in town shopping last Saturday.

Columbus discovered America in 1492; the Kaiser discovered America in 1918.

## LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. G.

## I am Sincere! Stop Calomel! I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. "Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back."

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe all the next day like violent calomel.

## INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

Regulation of Important Food Supply  
on Coast Is Complete; Fair  
Prices to Be Quoted.

With the exception of Zone One, Brownsville, the zone committees for the fish industries of the Texas Food Administration have been confirmed by Administrator Peden.

The personnel of the committee for Zone Two (Corpus Christi) is as follows: Royal Givens, Clarence Carman, C. W. Gibson, M. Elder, D. Oatman, Corp. Christi, Ford Jackson, Rockport; P. O. Cox, Port Aransas; A. C. Thompson (representing the fishermen), Port Aransas; Roy Jackson, E. H. Cameli, Dave Scribner, all of Rockport; B. J. Loomis, County Food Administrator, Rockport; C. I. Albertson, County Food Administrator, Sinton, and Edwin Flato, County Food Administrator, Corpus Christi. Mr. Flato was chosen as chairman and Mr. Oatman secretary.

The committee for Zone Three (Calhoun County) is: Judge F. M. Dugan, County Food Administrator, chairman; C. H. Brightwell, Port O'Connor, secretary; B. D. Jackson, P. L. Young, C. E. Fisher and H. M. Paulson, all of Port Lavaca, and C. W. Walker, Port O'Connor.

For Zone Four (Matagorda County): Duncan Ruthven, Palacios, chairman; T. C. Thornhill, Matagorda, secretary; J. J. Burke, Joe Dietz, Nick Petro, George Hicks and Theodore Traffell, Palacios, Texas; A. B. Lorino, P. E. Bell and John Montelongo, Matagorda; W. C. Carpenter, County Food Administrator, Bay City.

For Zone Five (Galveston and Harris counties): James A. Boddeker, County Food Administrator, Galveston, chairman; George B. Ketchum, W. J. Chapman, C. Demack, T. Pinte and L. Schembre, representing the dealers; O. A. Anderson, Captain G. P. McNeil, T. Legate and J. Bierman, representing the fishermen; Mrs. M. W. Lusk, Mrs. Marie Dietzel and Mrs. John W. Rogers, representing the consumers.

For Zone Six (Jefferson and Orange counties): J. M. Holder, County Food Administrator, chairman; W. H. Gilliland, deputy Food Administrator; B. S. Granger and H. Hock, wholesale fish dealers; Captain Nini and Fred Shelton, fishermen.

As soon as the prices interpreted by the committee are approved by Administrator Peden they will be publicly announced. The prices interpreted in the zone will control fish at their source, and prices to the retailer and to the consumer will be gauged by the prices at point of origin. It was necessary to create six zones in order to meet variance in freight and in cost of catching fish.

## ALLOTMENTS OF SUGAR CAN NOT BE INCREASED.

The Federal Food Administrator for Texas announces that the total allotment of sugar for all purposes in Texas for September is 16,700,000 pounds. Certificates for that amount have already been mailed to those manufacturers and merchants entitled to participation in the distribution of this sugar. It is obviously impossible to increase any of the allotments.

Requests from retailers in all parts of Texas, even from the drouth area of West Texas, are pouring into the office of the Food Administration asking for increase in the amount of sugar allotted to them for September over their allotments for the previous month. These requests are based on various and sundry contentions, but back of it all seems to be the desire, on the part of the retailers, to sell more sugar.

In meeting the contentions for larger allotments the Food Administration has advised distributors through the County Food Administrators as follows:

"It must be taken into consideration that whereas certificates held by retailers in July and August represented only 66 2/3 per cent of their face value, certificates held by retailers in September represent their face value and have been issued up to the amounts of 80 per cent of the sugar asked for by all retailers. In other words, the allotments to retailers on their statement 'E' for September is an increase of 15 per cent over the amount of sugar going through that channel in August. This increase has been made possible by a special allotment of two million pounds over the August allotment on account of sugar sold by retailers for preserving purposes in July and August.

"While these two million pounds will not fully replace all sales made on account of preserving and canning, the amount will help to even matters up somewhat. Therefore, District and County Administrators will please explain to those dealers submitting claims for additional sugar that THERE IS NO ADDITIONAL SUGAR."

The Federal allotment of sugar for Texas during August was approximately 14,000,000 pounds.

## GOOD BACKS FOR BAD.

Hondo Residents Are Learning How To Exchange the Old Back For a Stronger One.

Does your back ache, feel weak and painful? Do you suffer headaches, languor and depression? Is the urine discolored, passages irregular? The kidneys may be calling for help. Weak kidneys cannot do their work. Give them the help they need. To cure a kidney backache you must cure the kidneys.

Use a tested and proven kidney remedy.

Doan's Kidney Pills have stood the test.

Convincing proof of merit in Hondo endorsement: J. A. Hay, farmer, says: "Some years ago when working on the cars, the constant standing brought on pains through the small of my back and kidneys. As Doan's Kidney Pills had always been highly spoken of, I got some. They did me a world of good and entirely rid me of the trouble."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hay had. Foster Milburn Co., Mfrs., Buffalo, N. Y.

# UNCLE SAM'S ADVICE ON FLU

U. S. Public Health Service Issues Official Health Bulletin on Influenza.

## LATEST WORD ON SUBJECT.

Epidemic Probably Not Spanish in Origin—Germ Still Unknown—People Should Guard Against "Droplet Infection"—Surgeon General Blue Makes Authoritative Statement.

Washington, D. C.—(Special).—Although King Alfonso of Spain was one of the victims of the influenza epidemic in 1893 and again this summer, Spanish authorities repudiate any claim to influenza as a "Spanish" disease. If the people of this country do not take care the epidemic will become so widespread throughout the United States that soon we shall hear the disease called "American" influenza.

In response to a request for definite information concerning Spanish influenza, Surgeon General Rupert Blue of the U. S. Public Health Service has authorized the following official interview:

What is Spanish Influenza? Is it something new? Does it come from Spain?

"The disease now occurring in this country and called 'Spanish Influenza' resembles a very contagious kind of 'cold,' accompanied by fever, pains

## Coughs and Sneezes Spread Diseases

In the head, eyes, ears, back or other parts of the body and a feeling of severe sickness. In most of the cases the symptoms disappear after three or four days, the patient then rapidly recovering. Some of the patients, however, develop pneumonia, or inflammation of the ear, or meningitis, and many of these complicated cases die. Whether this so-called 'Spanish' influenza is identical with the epidemics of influenza of earlier years is not yet known.

"Epidemics of influenza have visited this country since 1647. It is interesting to know that this first epidemic was brought here from Valencia, Spain. Since that time there have been numerous epidemics of the disease. In 1889 and 1890 an epidemic of influenza, starting somewhere in the Orient, spread first to Russia and thence over practically the entire civilized world. Three years later there was another flare-up of the disease. Both times the epidemic spread widely over the United States.

"Although the present epidemic is called 'Spanish influenza,' there is no reason to believe that it originated in Spain. Some writers who have studied the question believe that the epidemic came from the Orient and they call attention to the fact that the Germans mention the disease as occurring along the eastern front in the summer and fall of 1917."

How can "Spanish influenza" be recognized?

"There is as yet no certain way in which a single case of 'Spanish influenza' can be recognized. On the other hand, recognition is easy where there is a group of cases. In contrast to the outbreaks of ordinary coughs and colds, which usually occur in the cold months, epidemics of influenza may occur at any season of the year. Thus the present epidemic raged most intensely in Europe in May, June and July. Moreover, in the case of ordinary colds, the general symptoms (fever, pain, depression) are by no means as severe or as sudden in their onset as they are in influenza. Finally, ordinary colds do not spread through the community so rapidly or so extensively as does influenza.

"In most cases a person taken sick with influenza feels sick rather suddenly. He feels weak, has pains in the eyes, ears, head or back, and may be sore all over. Many patients feel dizzy, some vomit. Most of the patients complain of feeling chilly, and with this comes a fever in which the temperature rises to 100 to 104. In most cases the pulse remains relatively slow.

"In appearance one is struck by the fact that the patient looks sick. His eyes and the inner side of his eyelids may be slightly 'bloodshot,' or 'congested,' as the doctors say. There may be running from the nose, or there may be some cough. These signs of a cold may not be marked; nevertheless the patient looks and feels very sick.

"In addition to the appearance and the symptoms as already described, examination of the patient's blood may aid the physician in recognizing 'Spanish influenza,' for it has been found

that in this disease the number of white corpuscles shows little or no increase above the normal. It is possible that the laboratory investigations now being made through the National Research Council and the United States Hygienic Laboratory will furnish a more certain way in which individual cases of this disease can be recognized."

What is the course of the disease? Do people die of it?

"Ordinarily, the fever lasts from three to four days and the patient recovers. But while the proportion of deaths in the present epidemic has generally been low, in some places the outbreak has been severe and deaths have been numerous. When death occurs it is usually the result of a complication."

What causes the disease and how is it spread? "Bacteriologists who have studied influenza epidemics in the past have found in many of the cases a very small rod-shaped germ called, after its discoverer, Pfeiffer's bacillus. In other cases of apparently the same kind of disease there were found pneumococci, the germs of lobar pneumonia. Still others have been caused by streptococci, and by others germs with long names.

"No matter what particular kind of germ causes the epidemic, it is now believed that influenza is always spread from person to person, the germs being carried with the air along with the very small droplets of mucus, expelled by coughing or sneezing, forceful talking, and the like by one who already has the germs of the disease. They may also be carried about in the air in the form of dust coming from dried mucus, from coughing and sneezing, or from careless people who spit on the floor and on the sidewalk. As in most other catching diseases, a person who has only a mild attack of the disease himself may give a very severe attack to others."

What should be done by those who catch the disease?

"It is very important that every person who becomes sick with influenza should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room.

"If there is cough and sputum or running of the eyes and nose, care should be taken that all such discharges are collected on bits of gauze or rag or paper napkins and burned. If the patient complains of fever and headache, he should be given water to drink, a cold compress to the forehead and a light sponge. Only such medicine should be given as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called 'safe, sure and harmless' remedies advertised by patent medicine manufacturers.

"If the patient is so situated that he can be attended only by some one who must also look after others in the family, it is advisable that such attendant wear a wrapper, apron or gown over the ordinary house clothes while in the sick room and slip this off when leaving to look after the others.

"Nurses and attendants will do well to guard against breathing in dangerous disease germs by wearing a simple fold of gauze or mask while near the patient."

Will a person who has had influenza before catch the disease again?

"It is well known that an attack of measles or scarlet fever or smallpox usually protects a person against another attack of the same disease. This appears not to be true of 'Spanish influenza.' According to newspaper reports the King of Spain suffered an attack of influenza during the epidemic thirty years ago, and was again stricken during the recent outbreak in Spain."

How can one guard against influenza?

"In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed, and by eating sufficient wholesome and properly selected food. In connection with diet, it is well to remember that milk is one of the best all-around foods obtainable for adults as well as children. So far as a disease like influenza is concerned, health authorities everywhere recognize the very close relation between its spread and overcrowded homes. While it is not always possible, especially in times like the present, to avoid such overcrowding, people should consider the health danger and make every effort to reduce the home overcrowding to a minimum. The value of fresh air through open windows cannot be over emphasized.

"When crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person.

"It is especially important to be aware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible, keep homes, offices and workshops well aired, spend some time out of doors each day, walk to work if at all practicable—in short, make every possible effort to breathe as much pure air as possible.

"In all health matters follow the advice of your doctor and obey the regulations of your local and state health officers."

"Cover up each cough and sneeze, if you don't you'll spread disease."

### "God Never Threw Me Down Yet"

A little woman, a seamstress, bought a hundred dollar Liberty Bond, paying ten dollars down. She inquired very carefully into the conditions of payments, when they would fall due, etc. "I haven't another cent in the world," she said, and her eyes shone with an inner light as she spoke, "and I don't know yet how I will meet the other payments. I am going it blind, but God never threw me down yet. I am not afraid."

The spirit of France transmitted to America, the sublime faith of a nation that has suffered, yet is undaunted after four long years of war; a nation that is not afraid.

The drought areas of Texas, too, imbued with the spirit of France and that of the little seamstress whom God never threw down, are "going it blind." In many sections where only one-tenth crop was raised last year, this year there is less. Yet these communities are subscribing their quotas. There are instances where depositors have drawn their last dollar from the bank to make their sacrifice for the cause of humanity. Some of them don't know how they will meet the payments. They do not question; they are going it blind and undaunted.

There are about 165,000,000 people in the United States. Over 3,000,000 of that number are under arms, and nearly 2,000,000 of these are overseas fighting for the principles they believe to be right.

And they are going it blind, willing to meet the payment, even though it be paid in the dearest coin in all the world—their legs and arms and health and happiness and life itself. They have given all that God will let them give to their country, and they are not afraid.

There were about 18,000,000 buyers of bonds in the last Loan. To make as complete a fighting unit at home as we have under arms, there must be \$7,000,000 new bond holders of the Fourth Loan. These may include those who were afraid to buy; who hesitated to go it blind, because they didn't know how to meet the other payments, and because they looked no higher than an earthly faith to fulfill their pledge to the greatest ideal the world has ever known. They were afraid God would throw them down.

Are you one of those who hesitate to go it blind? Must it be left for them to teach you the true spirit of patriotism—the little seamstress, who hasn't another cent in the world? A country whose manhood, if not deprived of life itself is doomed to maimed and incomplete lives? And those whose livelihood has been denied them?

And what of the millions who are shedding their blood for you? How many of these have died and are going to die in vain because the people back home couldn't raise the money to crush the military power that forced this suffering upon a peace-loving world? They are going it blind and undaunted. They have died and are going to die for humanity. God will not throw them down. Will you?

### "We'll All Go Broke if We Have To—But There's No One Busted Yet!"

By WILLIAM HERSCHELL.

When I hear some folks complain  
Bout the burden they must bear  
Just to keep our soldiers fightin'  
In the trenches "over there,"  
Then I want to show a picture,  
One I saw th' other day,  
Of a little Belgian youn'un  
An' her granny, old an' gray.  
In each face was tears and terror,  
Bored of Teuton greed and lust,  
An' I pledged my all to Freedom,  
If to give my all I must.  
Then a new song woke within me,  
A refrain I can't forget;  
"We'll all go broke if we haf t'  
But there's no one busted yet!"

None of us is fac'n' hunger,  
None need fear to seek his bed  
Lost a demon in a Gotha  
Hurt a bomb from overhead.  
Here we go along a singin'  
Only now and then we sigh,  
An' we never see a soldier  
"Cept our own amarchin' by.  
Folks! we'd ought to be so grateful  
To each fightin' Yankee boy  
That th' sacrifice of givin'  
Should be measured as a joy.  
So let's do our part—full-hearted—  
Smile and say without regret:  
"We'll all go broke if we haf t'  
But there's no one busted yet!"

### Woman's Place is In the War

Between one-fourth and one-third of the subscriptions in the Second and Third Liberty Loans is credited to the work of women. In the second Loan the woman's organization was officially credited with having raised one billion dollars.

The women of the Eleventh Federal Reserve District had \$13,000,000 marked up to their credit at the close of the Second Loan, and almost doubled that amount by their prodigious efforts in the Third Loan.

All but five of the 307 counties in Texas are completely organized, due to the efforts of women, who have done man-sized jobs in organization formation.

The Dallas woman's committee is leading the District in the Fourth Loan, with subscriptions to date amounting to \$2,000,000. San Antonio holds second place, with \$1,743,000 subscribed.

## FOOD RULES ARE BEING ENFORCED WITH PENALTIES

Men Who Sell Flour and Sugar Pay Red Cross Benefits; Gin Company Fined \$400; Licenses "Restored."

H. L. Mills of the Department of Field Inspection of the Federal Food Administration for Texas posted on the door of D. Aron's retail grocery at 224 East Sixth Street, Houston Heights, a placard setting forth the fact that the establishment had been closed for two days—September 18 and 19—because of violation of the rules and regulations of the United States Food Administration in selling wheat flour at an excessive profit. Aron was also required to pay \$50 to the Houston Recreational Canteen, which sum was delivered to the canteen at the Houston Light Guard Armory. The placard placed upon the door was 22 by 28 inches and was in bold black lettering upon a yellow background.

Seventeen cases charging violations of the food regulations by Houston merchants who are alleged to have exceeded the quantity of sugar and flour to be sold customers are now being investigated by the Inspection Department.

The New Gin Company of Greenville, Texas, a corporation operating at several points in Texas, recently had its license suspended for 30 days for violation of the rule forbidding the payment of different prices by licensees for cotton seed in the same zone on the same day. The suspension was revoked when it appeared that closing would injuriously affect the cotton industry and the firm was ordered to pay \$400 to the County Council of Defense at Greenville, this amount representing the difference between the firm's prices paid at that point and elsewhere on the day in question.

The Food Administration has restored licenses to the Walker-Craig Company and George McCoull's & Co. of Brownsville. These firms have been closed since April 29, this year, for violation of sugar rules.

J. E. Adair, a retailer at Cooper, Texas, has been found guilty of selling flour and sugar in violation of regulations. He has been ordered to pay \$100 to the Red Cross and suspend his business for four days.

The Clay County Cotton Oil Company of Henrietta will pay four hundred dollars to the Red Cross organization of that county as the result of a hearing before the Enforcement Division of the Federal Food Administration at Houston on September 14. The reports of the company showed that it had bought cotton seed at Henrietta at lower prices than it was paying elsewhere at the same time in Texas. This occurred before the price was stabilized and accepting the company's assurances of good faith, the contribution of four hundred dollars was mutually agreed upon as proper compensation to the public for its loss through the transactions in question.

The District Food Administrator at Dallas reported August 17 that on the last four weekly reports of the Kleber Baking Company of that city the bakery was short on substitutes. A hearing was called, but on August 21 the administrator advised the Enforcement Division he had reached conclusion the proprietor was innocent of any intentional violation, laying the blame on the foreman, who had been discharged. On August 28 the administrator again reported that he was convinced that the proper amount of substitutes were not used in his operations. The result is that the Kleber Baking Company has voluntarily agreed in lieu of revocation or suspension of license to pay \$250 to the Red Cross and to close its place of business on September 18 and 19, posting on the premises a notice to the effect that such closing was made for violation of the regulations.

### POUND BUTTER SALES AFTER THE NEW YEAR.

In order to prevent the waste of labor and parchment of paper and carton made for units smaller than the pound size, the rule prohibiting the manufacture or sale of butter in less than pound prints has been amended so as to go into effect on January 1, 1919, instead of September 15, 1918. This is to prevent the waste of supplies of printed paper and cartons already on hand.

After the first of the year no quarter or half-pound prints or any prints less than a pound can be made or sold; provided, however, that a retailer may cut a unit of a pound or more and sell a portion of any size demanded by his customers.

The rule, it is expected, will result in the saving of considerable quantities of paper, as much more is required to wrap a pound in quarters or halves than in one piece. There will also be a large saving in cartons and in the labor necessary in putting up the butter.

## YOUTH-TIME

The important time to lay a strong foundation for robust manhood is while life is young and the body developing. A growing child needs every possible help to conserve energy and confirm the body in vigorous health. To a developing child

## Do You Think There is No Competition?

If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company.

Let him begin at the pens when the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price without somebody's bidding against him.

Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum.

Let him go up into the office where market reports are coming in,—and reports of what other concerns are doing.

Let him watch the director of the Swift Refrigerator fleet, maneuvering it over the face of the country like a fleet of battleships at sea.

Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat.

Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around among the packers' branch houses, the wholesale dealers, and the local packing plants.

And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 4 cents on each dollar of sales.)

If he still thinks there is no competition in the meat business it will be because he wants to think so.

Swift & Company, U. S. A.
